BARBARIAN QUEST BOOK

The Frozen Horror™

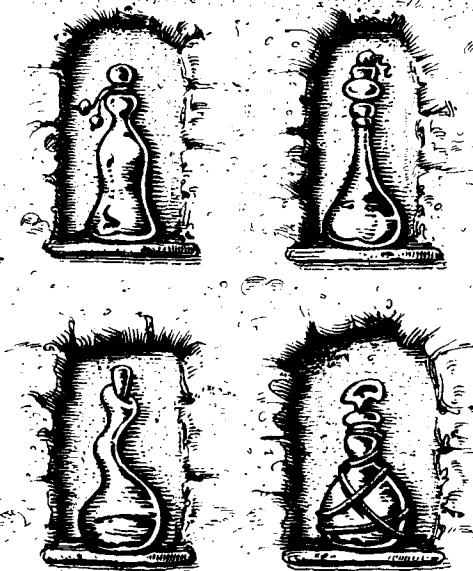

These potions may be purchased only between Quests.

Alchemist's Shop

Potion of Battle Rage

Cost: 400 Gold Coins

Only the Barbarian can drink this purple-red concoction. It grants him 2 attacks per turn as long as there are monsters in sight. As soon as there are no monsters in the Barbarian's line of sight, this potion's effect wears off.

Potion of Rejuvenation

Cost: 500 Gold Coins

Any Hero who drinks this bright yellow liquid regains up to 6 lost Body Points. Roll 1 red die to see how many Body Points the Hero gets back. This potion cannot give the Hero more than his starting number of Body Points.

Potion of Icy Strength

Cost: 200 Gold Coins

This bubbling, orange mixture grants the Barbarian superhuman strength for one turn. After the Barbarian drinks this potion, his next attack causes twice as many Body Points of damage as are rolled on the combat dice. No other Hero can use this potion.

Potion of Frost Skin

Cost: 300 Gold Coins

Only the Barbarian is affected by this slushy drink. It enables the Barbarian to roll 2 extra combat dice when defending against attacks. As soon as there are no monsters in the Barbarian's line of sight, this potion's effect wears off.

Three of the above potions can be used only by the Barbarian. Different potions may also be purchased from the Alchemist's Shop in other Quest Packs.

The Barbarian Quest Pack™

The adventure continues! The Barbarian Quest Pack is an expansion set used with your original Hero Quest Game System. You must have the Game System in order to play the adventures in this booklet.

Contents: Plastic Figures: 1 Female Barbarian, 6 Mercenaries, 3 Ice Gremmies, 2 Polar Warbears, 2 Yeti, 1 Frozen Horror; 30 Game Cards, Cardboard Tile Sheet.

Cardboard tile sheet includes:

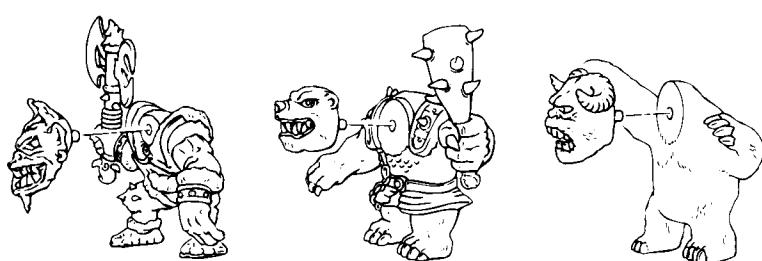

1 Iron Door	6 Magic Ice Tiles
1 Wooden Door	1 Living Fog Room Tile
11 Slippery Ice Tiles (4 sizes)	1 Ice Ledge Tile
1 Bottomless Chasm Tile	1 Cage Room Tile
6 Ice Tunnel Tiles	1 Scepter Room Tile
1 Ice Cave Entrance Tile	1 Frozen Crypt Tile
6 Blocked Square Tiles	1 Crystal Key Tile
2 Ice Vault Tiles (2 sizes)	1 Seat of Power Tile
2 Icy River Tiles (2 sizes)	1 Ice Gremlin Treasure Room Tile
1 Ice Slide Tile	8 Skull Tiles

All cardboard components should be carefully removed from the cardboard sheet. The plastic figures and weapons should be removed from their runners. Discard waste cardboard and plastic. New game components are described at right and on the following pages.

Note: The cardboard tiles listed above are two-sided. The front and back of many tiles are different.

New Components: Monster Assembly

The Frozen Horror, Polar Warbear and Yeti require assembly before they can be used. Assemble these monsters as shown below. There are also 6 Mercenaries that sometimes serve as monsters. See page 9 for more about Mercenaries and how to assemble them.

Frozen Horror

Polar Warbear

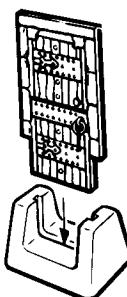

Yeti

New Monsters

To learn more about the new monster figures, see the monster cards that come with this Quest Pack, as well as the Monster Chart on the back cover of this book.

Note: The new cardboard components are shown below. Next to most components is a matching Quest map symbol. These symbols appear on each map to show you where to place components on the gameboard. For example, the iron entrance door shown below is represented on the Quest map by the symbol to the right of the door.

These symbols are also the exact size needed for the blank, "create your own" Quest map provided in the Game System Quest Book. All you have to do is photocopy the symbols and cut them out.

Door Assembly

Take 2 plastic door stands from the Game System. The 2 new doors in this Quest Pack should be fitted into the door bases as shown at right. These doors are described below.

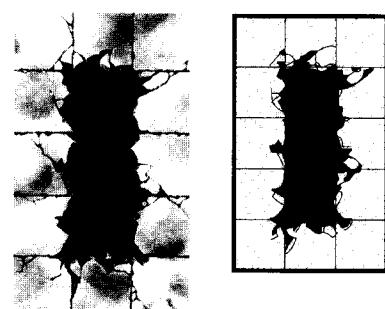

Iron Entrance Door

This iron door is placed on the edge of the gameboard in many of the Quests. Heroes line up outside the iron door to begin these Quests.

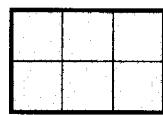

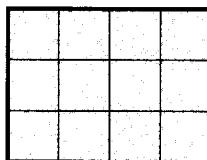

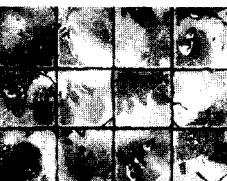

Wooden Exit Door

In many Quests, this special wooden door is used to exit the gameboard at the end of a Quest.

Ice Vault

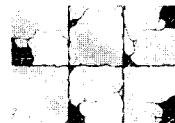

This frigid room drains heat from Heroes. For each turn in which a Hero enters or remains in this room, the Hero rolls 1 combat die. He loses 1 Body Point if he rolls a skull. Monsters are not affected by the heat-draining property of this room.

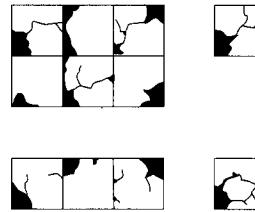

Two sizes:
2x3 squares
3x4 squares

Slippery Ice

Do not place a slippery ice tile on the gameboard until a Hero steps on the appropriate square. Whenever a Hero moves onto a slippery ice square, the Hero rolls 1 combat die. If a white shield is rolled, the Hero falls and his turn ends immediately. Any other roll means the Hero can continue moving (if he has moves left). The Hero must roll for each slippery ice square moved onto. A fallen Hero cannot take any actions or defend against attacks until his next turn. Monsters are not affected by slippery ice. A slippery ice square cannot be found by searching, nor can it be disarmed. Once it is placed on the gameboard, it can be jumped over as a pit.

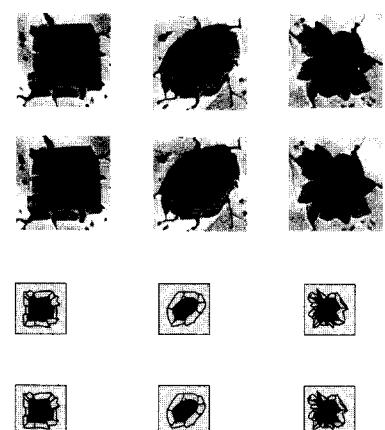

Four sizes:
1 square
1x2 squares
1x3 squares
2x3 squares

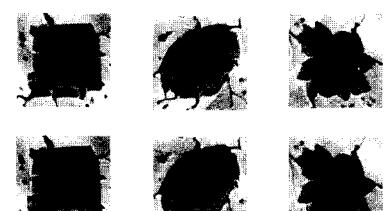

Magic Ice

These tiles are used with the Ice Bridge spell scroll and the Ice Wall Chaos spell.

Ice Tunnels

A pair of tunnel entrances connect two apparently unconnected rooms via an unseen tunnel. Any Hero or monster landing on one of these entrances immediately moves to the other entrance. After moving from one tunnel entrance to the other, the Hero's or monster's turn is over.

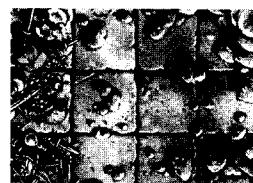

Ice Slide

Do not place the ice slide tile on the gameboard until a Hero steps on the first square of the slide. Any Hero who does step onto this slippery chute of ice is whisked away in the direction indicated by the arrow. The Hero immediately moves to the last square of the slide. (More than one Hero may occupy the exit square.) This ends the Hero's turn.

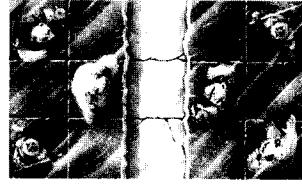

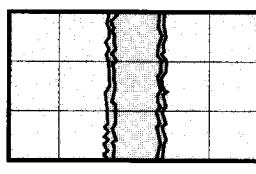

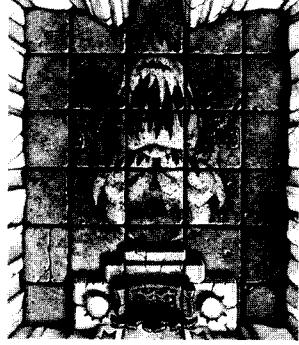

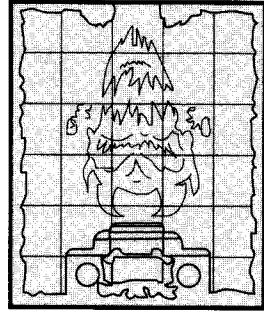

The slide is hidden and it cannot be searched for as a trap, nor can it be disarmed. When a Hero slips down an ice slide, he rolls 1 combat die. He loses 1 Body Point if he rolls a white shield. Monsters cannot move onto ice slide squares. Heroes cannot climb up an ice slide in the direction opposite to that indicated by the arrow.

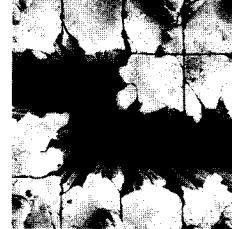

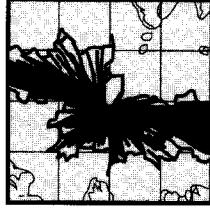

Two sizes:
1x3 squares
1x8 squares

Icy River
Each square of these underground streams counts as 2 squares for movement purposes. Each time a Hero enters an icy river square, he rolls 1 combat die. He loses 1 Body Point to the cold if he rolls a white shield. Monsters suffer neither movement penalties nor damage from the icy river.

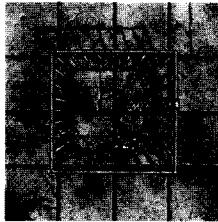

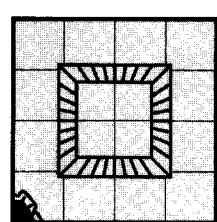

The Seat of Power Room
The Frozen Horror rules from this room, devising evil plans for the conquest of the Empire.

Frozen Crypt Room
Monstrosous servants of the Frozen Horror are encased in thick ice within this room. These monsters are freed when a Hero opens the appropriate door.

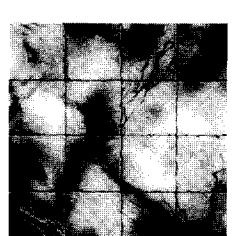

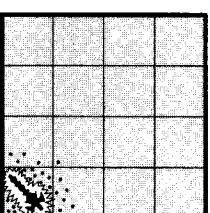

Bottomless Chasm Room
The crevasses that divides this room can be jumped over as a pit, but any Hero who falls into it is lost "forever."

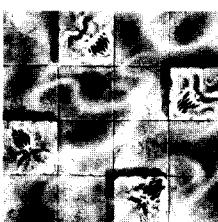

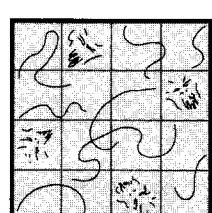

Cage Room
This room serves as a prison for servants who have displeased the Frozen Horror.

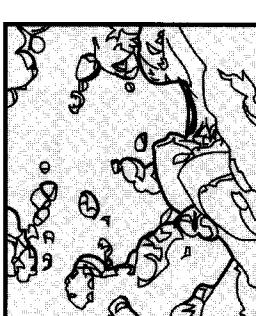

Crystal Key Tile
Use this magical key to open the door to the Seat of Power Room, where the Frozen Horror awaits.

Scepter Room
The Frozen Horror has hidden the Scepter of Glacial Majesty, an artifact of great power, in this room.

Living Fog Room
This room is filled with an eerie, swirling fog. Monsters seem to attack on all sides of the Heroes, only to disappear into the fog when they are hit.

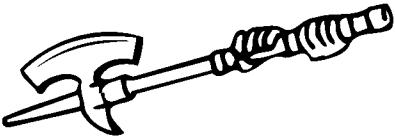

Ice Cave Entrance
This special tile is used as an entrance or exit.

Zargon, study this book carefully! Although it is your guide to running these adventures, it may not answer every question you have during play. When in doubt, use your experience and imagination to make the best choice. Remember that you are the ultimate authority in your HEDO OUTSTANDING!

Attach one of the plastic weapons to each Mercenary as shown.

Halberdier

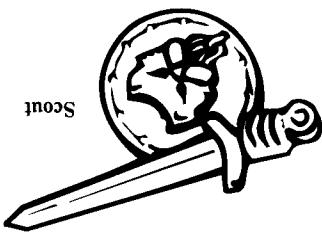

Crossbowman

Wordsman

Scout

A black and white line drawing of a person from the waist up. The person is wearing a tall chef's hat and a light-colored apron over a dark shirt. They are holding a large, curved cleaver in their right hand and a small, shallow bowl in their left hand. Their left leg is slightly bent at the knee.

The Scout, Swordsman, Crossbowman and Halberdier each have different statistics and abilities. These are detailed on the cards that come in this Quest Pack, as well as on the Mercenaries Char on page 33 of this book.

If a Quest map calls for a type of Mercenary that is not available because they've all been hired by Heroes, Zargon may substitute a different type of Mercenary, or another master altogether.

A Mercenary is controlled by the Hero who hired him. The Mercenary moves and attacks immediately after that Hero's turn. A Hero can control as many Mercenaries as he can afford to hire. A Hero can control as many Mercenaries as many Mercenaries as he can move, open doors, attack and defend as a Hero, but he can take no other actions (except for the Scout, who can search for and disarm traps). A Mercenary does not receive any treasure. If a Hero dies on a Quest, any Mercenary hired by that Hero continues on the Quest, controlled by the fallen Hero's player.

Mercenaries are also soldiers who can be hired by a Hero before a Quest begins. They will accompany any Hero on a Quest, if the Hero pays their fee. The fee for each type of Mercenary is given on the Mercenary's card, as well as on the Mercenaries Chart on page 33 of this book. The Gold must be paid before the Quest begins.

Mercenaries may be hired for any group Quest in this Quest Pack, but not for the solo Quests.

In some Quests, Mercenaries serve as evil masters who oppose the Heroes. Whenever a Mercenary is shown on a Quest map, it should be considered a master controlled by Zargon.

This Quest Pack contains 6 Mercenary figures, with 12 different weapon types of Mercenaries (the Scout, the Swordsman, the Archer, the Heavy Infantry and the Heavy Cavalry).

13. Mercenaries

II. New Treasure Cards
The 6 new treasure cards should be mixed into the Game System's deck of treasure cards before play begins. Draw from this deck when Hero searches for treasure.

II. New Treasure Cards

10. Treasure To eliminate conflicts among the Heroes, large gold coin treasures are found in treasure chests should be divided among all surviving heroes.

As the Heroes gain better equipment, they can sell some of their old items to the Armory. Only items that are listed for sale in the Game System (on the cardboard platform in the Game System) can be sold back to the Armory. The Hero receives gold coins equal to half of the Armory's price when selling items to the Armory. Thus a Hero who sells a longsword (which costs 350 gold coins) back to the Armory receives 175 gold coins. Items sold at the Armory for odd sums (the daggger at 25 gold coins, for example) can be sold back for half price, rounded down (12 gold coins for the dagger).

When a monster takes up more than one square (the Frozen Horror in this Quest Pack, for instance), that monster can attack anyone on my adjacent square (including diagonally), even if the monster's figure is facing away from the target.

12. New Attract Cards

- Spell Scrolls: Six of the artifact cards in this Quest Pack are spell scrolls. These are used just like the spell cards in the Game System. However, a spell scroll can be used by ANY Hero (not just the Wizard and Elfl) who finds one. Note that spell scrolls can be used only once.
 - When a Hero finds an unnamed spell scroll, Zargon should turn all of the spell scroll cards in this Quest Pack face down, mix them up, and let the Hero draw one at random. The Hero should then record the spell scroll on his Character Sheet and return the scroll card to the scroll deck. After a spell scroll has been used, it must be crossed off the Hero's Character Sheet.

These artifacts are similar to the artifacts in the Game System. When a hero finds one of these artifacts, he should record it on his Character Sheet.

8

In each Quest, notes preface a capital letter corresponding to a matching letter location on the Quest map. Remember that Mercenaries cannot be hired in Quests 1-3.

Dark Green: This color is used to highlight monasteries. See the [Monster Chart](#) on the back cover for actual symbols.

LighG Green: This color is used to highlight traps and other hazards that the Heroes can neither see nor detect by searching.

The quest map symbols are color-coded to help you guide the Heroes through these Quests. Here's what the various map symbols mean.

Quest Map Guide

Melodic

Four people see a champion to oppose the evil of the Frozen Horror. You have been called in hopes that you might prove to be that champion. To determine your worthiness, the elders have set before you three dangerous Quests. These must be undertaken by you alone. If you survive this test, lead your companions into the depths of Ice Mountain. There you must find and destroy the Scepter of Glacial Majesty before it achieves its full power. Only when the Scepter is no more can you control the Frozen Horror and destroy it forever.

You must call upon all your courage and skill, Barbarian! The greatest perils you have ever faced await within Ice Mountain. Great, too, is the treasure that will be yours if you succeed. Among the many riches to be found is the Amulet of the North, an ancient artifact that is said to grant its wearer marvelous powers. Good luck, mighty warrior. The fates of many depend on you!

income, mighty barbara, to the land of
your youth! It seems only yesterday that the
tribal elders gave you leave to explore the
many wonders of the warm lands to the south. You
return now as a renowned warrior, tall and strong, well-
versed in the skills of battle.
Happy though your homecoming is, bitter tidings are on
the minds of the tribal elders. They wearily tell you why
you have been summoned back to aid your people in
their time of need.
An ancient evil, long thought banished, has arisen to
threaten the Northlands once more. The Frozen Horror
has burst forth from the icy tomb where it has rested
these last centuries, recovering its strength and awaiting
Zargon's signal. At last, its master has called it, and the
Frozen Horror has returned to its ancient Seat of Power
deep within Ice Mountain. It has reigned the Scepter of
Glacial Majesty, an evil artifact of vast power. As we
speak, the Frozen Horror is reviving its minions and
enacting its plans to cover the Northlands and the
Empire in a shroud of deadly ice.

Your people will sing your praises
forever, Barbarian! Centuries from now,
your descendants may have to find
another champion to defend them
against the agents of Chaos. May they find
a Hero as worthy as you!

Zargon's plans in other regions remain
unchecked. The Empire is sorely pressed
on many fronts. Soon your services will
be needed again. I fear that many
dangerous tasks still lie ahead of you.

But for tonight, you and your
companions are here honored guests at a
great feast. Tales of valor will be told, and
there will be much rejoicing. Come
receive the thanks of your friends!

angratiulations, mightly
Barbarian! You and your
companions have destroyed the
Empire from an ice-shrouded doom.
Frozen Horror, saving the
Zarragon's plans in the Northlands have
been thwarted, thanks to your cunning,
bravery and skill.
In appreciation of your heroism, the
tribal elders have awarded you and your
fellow Heroes 1,000 gold coins each.
We have won this battle, but we must
remain vigilant. Zaragon's power grows
still. The Frozen Horror returned once
before when the Forces of Good thought

now, though, the danger has passed.

The Frozen Horror can cast the following Chaos spells: Chill, Ice Storm, Ice Wall, Mind Freeze, Skate and Soothe. Zargon can choose an additional 6 Chaos spells for the Frozen Horror from any of the Chaos spells in the Game System, with the exception of the Escape spell.

During Zargon's turn, each Ice Gremlin can either attack a Hero or Mercenary, or it can steal one item from one Hero (Zargon's choice). The item stolen cannot be the armor or shield a Hero is using, nor the weapon he is wielding. As soon as an Ice Gremlin has stolen an item, it runs away at full speed. The Heroes can chase the Ice Gremlin on their turn. If they catch it and destroy it, they regain the stolen item. If no Hero can see the Ice Gremlin at the start of Zargon's turn, the Ice Gremlin has escaped with the item. The item should be crossed off the Hero's Character Sheet. Remove the Ice Gremlin figure from the gameboard.

The Polar Warbear attacks once with its mighty paw and once with its spiked mace. Two attacks can be made against one opponent or one attack can be made against each of two different opponents.

Whenever the Yeti's attack causes a Hero to lose at least 1 Body Point, the Yeti grabs the Hero in a powerful hug. This hug inflicts 2 Body Points of damage to the Hero at the start of each subsequent Zargon turn. The Hero cannot defend against this attack, nor can he take any actions. The Yeti can make no other attacks while hugging. This continues until either the Hero dies or the Yeti is killed by the Hero's companions.
